

## TERRA NOVA

Terra Nova has enjoyed entertaining audiences throughout San Diego playing with broad appeal to all ages in a variety of settings, both public and private, including clubs, conventions, openings, weddings and parties. This versatile 5-piece\* band features male and female vocals, saxophone, electric and Brazilian-style guitar, the latest keyboard sounds, bass, drums and latin percussion.

The exciting Terra Nova sound is due, not only to the high level of musical talent which its individual members bring to the band, but from the palpable excitement that they communicate from the stage. Terra Nova's tasteful blend of contemporary dance, pop-jazz and world-beat music has tremendous appeal for San Diego's well-heeled music audiences (especially those who appreciate rhythm [not volume] and style [not nostalgia]). This is danceable, listenable music--good music, new and familiar, that is lively and fun: music for everyone--young and old alike.

Business-wise, Terra Nova can always be counted on to be dependable, punctual, and well-dressed; and always friendly, flexible and fair in its professional conduct with clients and agents.

Here's some of the places we've been recently:

### BAND RESUME (multiple dates)

America's Cup Int'l Center	Jazz By The Way
B Street Cafe	Hanalei Hotel
Cafe Bravo	Hilton Cargo Bar
Charley Brown's	Hotel Del Coronado
Circuit City (for KIFM)	Hyatt Islandia
Club Absolute (Taipei, Taiwan)	Rusty Pelican
Elario's	San Diego Princess
Fat City	Seaport Village
Jacumba Hot Springs Resort	(& many, many casuals)

**\*Note:** Terra Nova is scalable from an economy duo-size (which includes male & female vocals, sax, guitars and keys--all live, plus sequenced bass, drums and percussion); 3-piece (which adds live percussion to the duo); 4-piece (an all live band, like the 5-piece but without percussion); all the way up to an expanded band of 6 or 7-pieces to suit the occasion.

Terra Nova can also custom-style its repertoire to emphasize latin-dance, party, background, jazz, or Top-40.
